

Paid Project: Development of eight models.

Task:

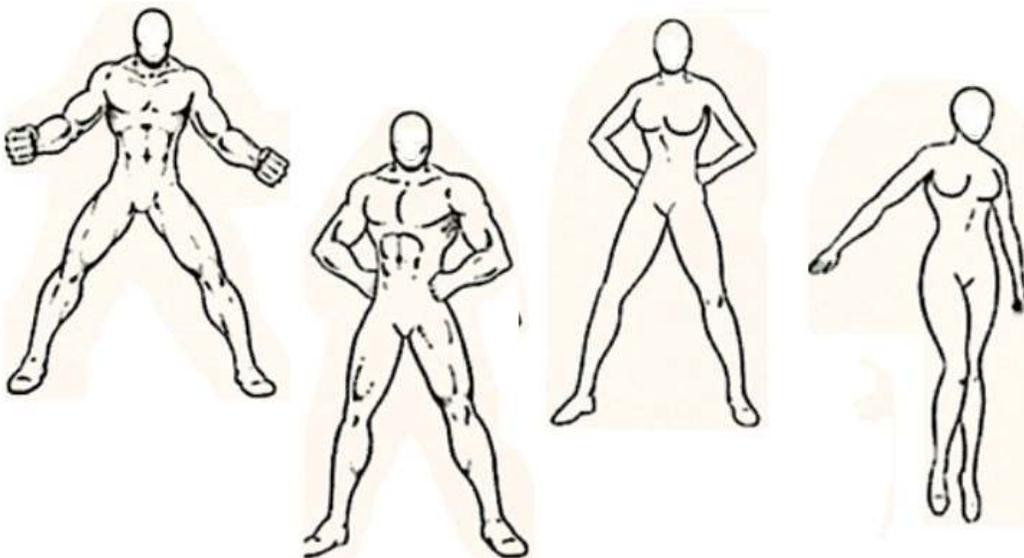

We are looking for an artist to produce drawings four male and four female in various poses. They should be Bald, Naked, and striking poses, legs spread no further than shoulder width. The drawings are to be used as mannequins in a digital graphic package for clothing. All poses should be black and white. Faces are optional, but if drawn, it must be in such a way they can be removed and changed without major efforts or problems for the poses.

Drawings can be produced as digital, or ink. Size of the work should be a pose that fills a 8 X 10 page. Hands and feet should be included, no half waist and up drawings. Feet do not need toes. Examples of the type of models are posted with this listing and will however show what we are looking to have produced.

Estimated cost and a sample of work is needed prior to our decision. A Copyright Transfer Agreement will be required to provide us with the copyright so we are free to use the drawings. If you are interested, you can contact us through the contact form on the site or give us an example of the work you do by either directing us to your site, or by attaching a jpg.

This project will be removed after the project is completed. We reserve the right to purchase all, none, or any combination of the offerings. Price will be set prior to the transfer agreement. The transfer agreement must be signed and in our position prior to payment. A copy of the transfer agreement will be returned with a signature of acceptance, the payment, and copies of the artwork with serial numbers denoted on the transfer agreement. If further agreements or payment options are needed, they will be discussed and agreed upon prior to signing the transfer agreement.
